

Pay less for your energy

Our Bill Discount Rate program provides you with ongoing help on your monthly energy bill. Depending on your household income and household size, you can save 5% to 45% a month on your bill.

There is one simple application to fill out. In most cases, no proof of income is required to apply and the application only takes a few minutes to complete online. If you've received energy assistance in the past, it's likely you qualify.

Easy enrollment

Apply today and receive an ongoing, monthly discount that will be in addition to any other assistance you may be receiving. In fact, by applying for our Bill Discount Rate program, we will automatically start an application for HELP, our bill assistance program.

Both Bill Discount Rate and HELP provide significant discounts to customers who qualify, based on their household size and income. A single application takes two minutes to complete. No additional documentation is required. To complete your HELP application, contact your local county agency, whose contact information is found on the back.
